

The background of the cover is a vibrant, stylized illustration. It features several hands in various colors (blue, orange, pink) reaching out or holding objects. There are also flowers, including a large purple one with a yellow center and a pink one. A small blue butterfly is flying in the center. The overall style is graphic and colorful.

FONDATION IPSEN

Publishing

EDUCATION & AWARENESS

Fondation Ipsen BookLab creates and publishes books for the general public, spanning all age groups and available in multiple languages.

Through collaborations between experts, artists, authors and children, our publications combine scientific knowledge, creativity and storytelling to make complex topics accessible and engaging.

Dedicated to the greater good and committed to fostering a more equitable society, BookLab aims to foster education and awareness of topics pertaining to health, disability and rare diseases.

KNOWLEDGE & EXPERTISE

Fondation Ipsen Press publishes books for professionals, focusing on health, disability and rare diseases.

Developed in collaboration with specialists, researchers and authors, our publications bring together scientific knowledge, professional expertise and diverse perspectives.

Press aims to share reliable knowledge, encourage dialogue and foster a deeper understanding of complex topics among professional audiences.

ARTIFICIAL INTELLIGENCE & ACCESSIBILITY

Fondation Ipsen Rare Intelligence uses artificial intelligence to transform validated scientific data into accessible content tailored to different audiences.

Developed in collaboration with patient organizations and experts in the relevant fields, these resources undergo human post-editing, review and validation prior to publication.

The ambition is to provide patients, families, healthcare professionals, teachers and associations with reliable, inclusive and accessible resources for every rare disease, including the rarest.

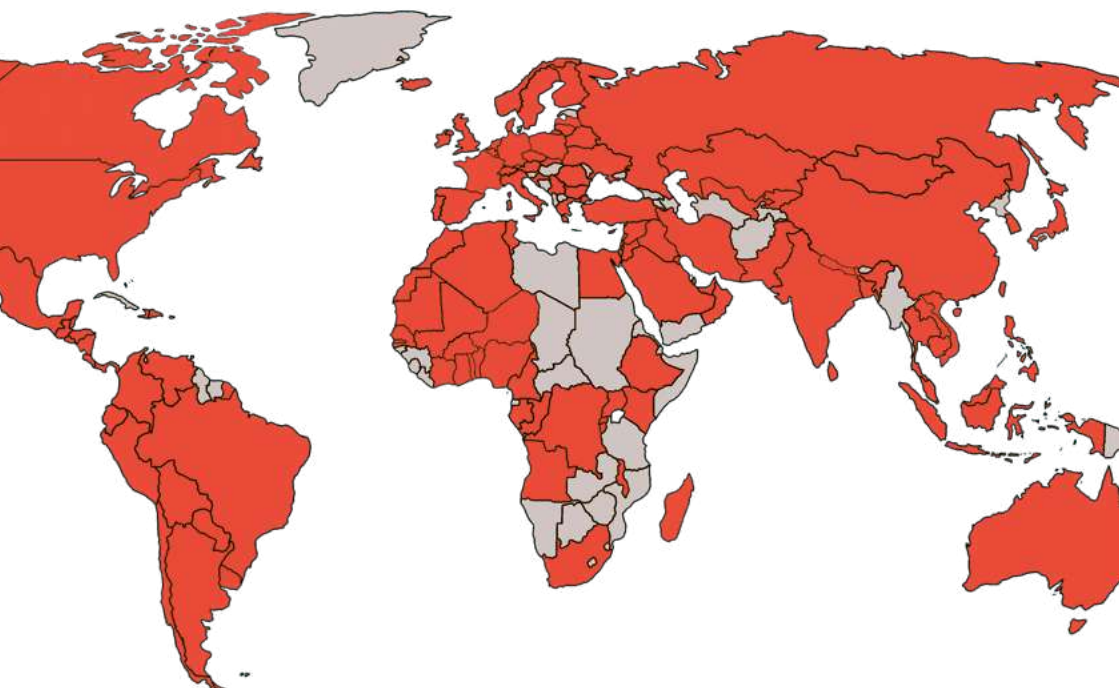

Committed to making knowledge accessible to all, Fondation Ipsen publications are distributed free of charge, particularly to schools and associations.
